RECOVERY PLAN FOR THE RENOVATION OF THE HOTEL CENTRALE 'WAREHOUSE PORTION'

Description, purpose and objectives:

The Project is part of a broader redevelopment process of the "Hotel Centrale". This redevelopment process was conceived in 2017, and came to life at the beginning of 2019 with the renovation work only structural (rustic) of the area "former warehouses".

The aim of the project is to increase the accommodation capacity of the Hotel by improving the perception of the hotel structure especially towards sportsmen and women, in particular cyclists and cycle tourists, contributing to the relaunch of tourism in the Lombardy lakes.
